i have no plan and i have no idea
 so i need someone – so i need someone
 not a particular circular thought
 but one to fix this situation
 not a particular certain assault
 someone's good improvisation

how can i help you my friend
 how much can you afford to spend?
 no matter what, no matter when
 i'll bring you everything – i can!

yes – yes – i need a smart solution now
 yes – yes – it has been done right now –
 somehow
 yes – yes – legal or illegal –
 i don't care right now

call the – call the russian people –
 get it from the russian people
 i can stick – oh i can stick – can stick with it –
 come on with a brick
 call the – call the russian people –
 get it from the russian people
 i can stick – oh i can stick – can stick with it –
 come with a brick
 call the – call the rasputin

cash is king – that's my advice
 i give no credit! that's my price
 no matter what, no matter when
 you'll get it soon, follow the plan

it's safe to say – this deal does pay
 i guarantee delivery without delay
